The Re-engineering of Dr.BRA Pranahitha Chevella Sujala Sravanthi had been taken up by the Government to make the project more viable and functional and to achieve the contemplated benefits, effectively duly utilizing the Godavari waters to the extent of Telangana state's share, by addressing the concerns of Maharashtra on submergence of their territory. The Link-I of Dr. B.R.A.P.C.S.S is restricted to construction of a barrage and main canal up to Mylavaram village to irrigate an original ayacut of 56,500 acres and an additional ayacut of 1,45,000 without further feeding to Sripada Yellampally Project.
