

Office of the Engineer-in-Chief (AW),  
Irrigation & CAD Department, Hyderabad

Circular Memo No. Rc/ENC(AW)/A1/24018/2017

dated 19.04. 2017

Sub: Estt – I&CADD – TSES – Methodology proposed for finalization of seniority and regularization of services of Engineers in higher cadre – Regarding.

Ref: Arising

\*\*\*\*\*

Due to no. of disputes in the seniority among the different zones and batches, and number of court cases, regular promotions could not be given in the cadre of Executive Engineer and above in the combined State of Andhra Pradesh. Hence incharge arrangements were made to the post of Executive Engineer, Superintending Engineer and Chief Engineer in relaxation Rule 10(h) of A.P.S.& S.S Rule 1996.

Associations have represented in many occasions to regularize their services in higher cadre, after formation of Telangana states. The issue has been discussed with the Special Chief Secretary to Government, Irrigation & CAD Department in series of meetings and it has been decided to evolve a rational procedure to regularize the services in higher cadre, with a concept that a senior shall be given first preference to promotion.

The Hon'ble Supreme Court of India has pronounced judgment on 18.02.2016 in Civil Appeal No. 4142/2004 with CA No. 4147/2004 filed by Sri D.Vishnu Murthy and others on the Hon'ble High Court Orders dated: 21.11.2003 in WP No. 17497, 18319, 18681& 19041 of 1999.

In view of the above, it is proposed to regularize / accord promotions in all cadres in Government of Telangana for the live (working) candidates belonging to Zone-V and VI as on 02.06.2014, duly adopting the following methodology.

- It is proposed to place the AEEs of different batches as follows.
  - i) IJD batch
  - ii) 1978 PSC limited Recruitment
  - iii) GO 647 batch duly interspersing with A/T AEEs
  - iv) 1984 PSC Limited recruitment
  - v) 1985 PSC
  - vi) 1989 PSC
  - vii) Go193 batch
  - viii) 1992 PSC and subsequent PSC selections as per order of recruitment.
  - ix) All A/T AEEs as per their proceedings in between PSC batches
  
- It is proposed to confine the promotions to Zone - 5 and Zone-6 candidates only.
- The number of incharge arrangements made earlier will be treated as number of vacancies.
- The no. of posts in the cadre of EE and above shall be taken as 42% of total posts of combined state of AP for the period prior to 02.06.2014.
- It is proposed to integrate the candidates of Zone-5 and Zone-6 in the cadre of AEE in each batch following the established principles of integration (i.e., one AEE of Zone-5 and one AEE of Zone-6 will be placed in order of seniority till all the AEEs of that batch exhausts in both zones and so on. In respect of GO 647 batch, the AEEs of both the zones will be clubbed and will be placed as per date of joining in the department) and promotions will be given batch wise to the cadre of DEE, to rectify the anomaly occurred due to adoption of complex method of cadre strength.
- Rule of Reservation shall be applied as per the Government orders issued from time to time.
- Similarly AEs/ DM grade-1 also will be integrated batch wise and will be placed at their respective points in 24 cycles.
- While according promotions to the cadre of DEE, the vacancies of DEEs of Zone- 5 and 6 together will be considered.

This circular is placed in the official web site: [www.irrigation.telangana.gov.in](http://www.irrigation.telangana.gov.in)

All the Engineers of the department, who are in service and retired, are requested to go through the circular now placed in the website. No separate individual communication will be made.

As above, objections, if any, regarding the above methodology in regularizing the services of working Engineers shall be submitted on or before 06-05-2017, directly to this office or through email ID [encicadts@gmail.com](mailto:encicadts@gmail.com)
