It is proposed to convene **4th Board of Chief Engineers’ meeting** for the year 2017 on **06.05.2017 @ 3.00PM** in the Board of Chief Engineer’s Conference Hall, 1st floor, Jalasoudha Building, Hyderabad for discussions and recommendations on **draft D-Code (i.e., Chapter – II & III, Works & Public Buildings)**

Further, it is to inform that very meager response was observed among the members of BOCEs in respect of specific **observations/suggestions** on the proposed revision of age old **A & D-Codes**.

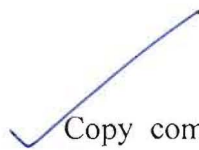

In this regard, it may be noted that, the effective and efficient functioning of PW Departments depends on its well structured/formulated/defined Codes/Specifications and other established guidelines. The job of revision of Codes may not be attributable to a single department/wing. The indifference of other Departments in this comprehensive task of revision of Codes may result in requirement of periodic amendments at later stage which is a time consuming and cumbersome process.

Therefore, all the members of Board of Chief Engineers are once again requested to bestow personal attention in the matter and examine the communicated draft D-Code as furnished by NAC Consultants and specific **observations/suggestions** in the matter may be furnished by **05.05.2017** positively, for subsequent discussion of the same during ensuing BOCEs meeting, accordingly.

All the observations/suggestions may be furnished to enciwtg@gmail.com with a copy to consultant.nac@gmail.com, immediately

Further, all the members are requested to come with communicated copies of comparative version of draft D-Code for the perusal during discussions of above BOCEs meeting.

Yours faithfully,
Sd/- J. Vijaya Prakash, Dt 29.04.2017
